

Training

On the first day a student attends school on campus, school systems must provide instruction to students on appropriate hygiene practices and other mitigation practices adopted in the local school system. To include the practice of covering coughs and sneezes with a tissue, and if not available, to cover cough or sneeze with their elbows. Used tissues should be thrown in the trash, hands should be washed immediately with soap and water for at least 20 seconds, or hand sanitizer should be used.

Safety Training for Protocols & Procedures

Student

- ▶ Students will participate in training specific to newly adopted health and safety protocols.
- ▶ All students will be trained on information about COVID-19 screening, identification of symptoms, prevention of spread, and sanitation of work areas.
- ▶ If a student is experiencing symptoms, they need to immediately notify a teacher.

Parent

- ▶ Parents are asked to talk to their students about COVID-19 symptoms and prevention strategies.
- ▶ Parents are asked to read all campus and District communication about health and safety protocols and to reinforce with their children.

Teacher/Staff

- ▶ Teachers attend training and develop classroom procedures consistent with TEA, District and CDC guidance.
- ▶ All staff will be trained on COVID screening, identification of symptoms, prevention of spread, and sanitation of work areas.
- ▶ All staff will monitor students that exhibit symptoms and will be required to notify the nurse if a student is showing any symptoms.
